

Holiday in London

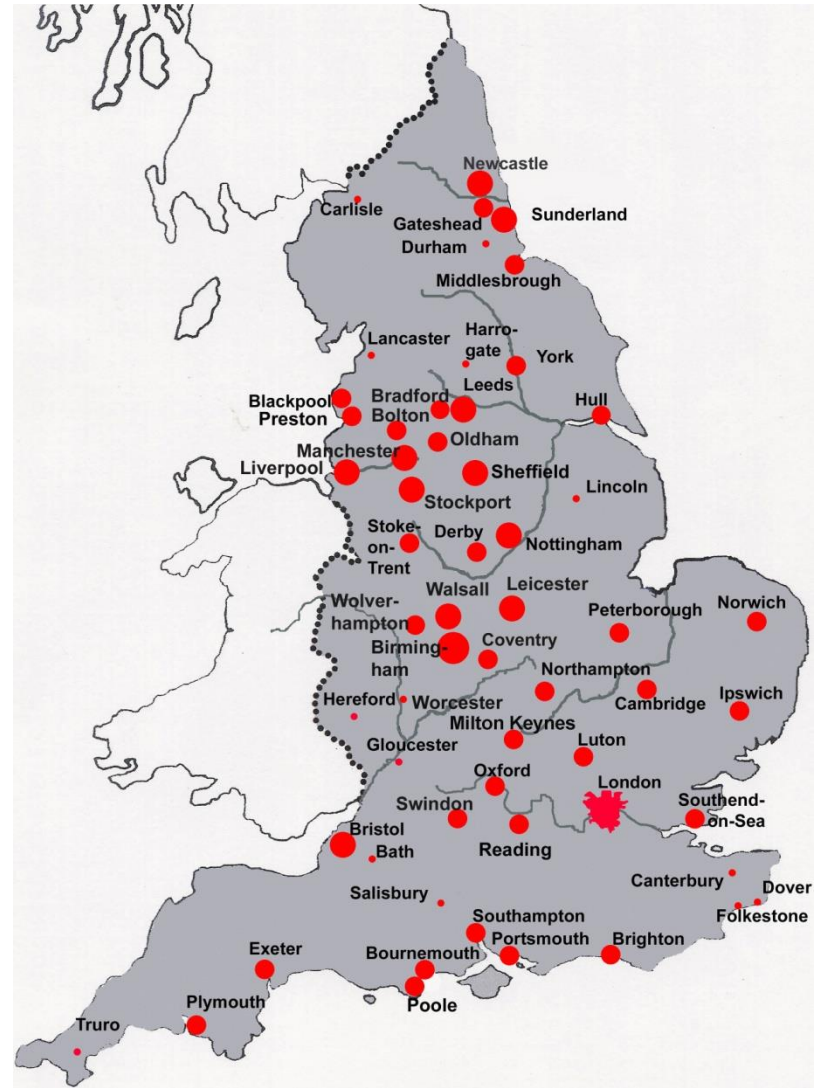

Something about London?

London is:

- the biggest city in England and the United Kingdom. 8.63 million people live in London, by the River Thames.
- the capital of the United Kingdom
- the world's largest financial centre
- there is also the world's first underground railway system, London Underground,

Most people in London are British. However, London also has many immigrants. These people come from many different countries. They speak many different languages and have different religions and cultures.
